Val di Sole Cheese

Cheese is absolutely central to the gastronomy of Val di Sole. This tasty **mountain dairy product** is made and directly available from different producers as well as from the two main dairies in the valley: “Cercen” in Terzolas and “Presanella” in Mezzana. Alongside the flavoursome Trentingrana, local cooked cheeses ripened to different degrees, are other outstanding varieties of **Casolét, a traditional product of Val di Sole.**

03

A photograph of a ski bus. The bus has a large sign on its roof that reads "COCCO" in a stylized font. The side of the bus features a mural of a snowy mountain landscape with a yellow sun. The number "3000" is visible on the side of the bus. A white arrow points upwards from the bottom left corner of the image.

GETTING AROUND

Getting around is easy: reach your destination by bus, ski bus or the local train, vehicle services also available.

Taxi - Car Rental with Driver

There isn't a proper taxi service in Val di Sole charging taximeter fares, but it is possible to hire a car with a driver. Fares are calculated on a lump-sum basis depending on distance, route and time. There are no taxi stops and the service is to be asked to and agreed upon with the carriers themselves.
